

NEXT GENERATION NEIGHBORHOOD WATCH NOW!

National Neighborhood Watch – A Division of the National Sheriffs' Association

NSA, Ice Black Box and the Humane Society Partnering for Animals!

Soon the National Sheriffs' Association in partnership with ICE BlackBox and the Humane Society of the United States will be launching a new feature within the ICE BlackBox app to report Animal Abusers.

This feature will allow anyone to use the app to record abusers in the act. When the video is submitted to the NSA, an agent funded by the Humane Society of the United States will go into action and alert the local authorities, local county animal services to retrieve the animal and the district attorney to file charges. The process and procedures are currently being developed to make this initiative a very successful deterrent to Animal Abuse.

This is a big step to stopping animal abusers who, according to statistical data, eventually become abusers and killers of people.

For more information on the app and this feature, please visit NNW.org and ICEBlackBox.com.
